Fake Email

Dear Parents, Students and Guardians,

The school has become aware of an email circulating about the 'death' of a student on the Year 5 Orchestra trip to Austria.

Please be informed that this email is **FAKE**, and that all students returned safely from the trip.

Obviously this email has caused significant distress overnight to the students who received it. I am sorry that this callous and hurtful email was sent out to specific students, and for the understandable worry it caused. If anyone has any knowledge of who was behind it, please do contact the school.

I wish you all a pleasant break and look forward school commencing in January 2025.

Yours sincerely,

Gavin Kinch
